

Bruce Peninsula Club, Emmett Lake: Map 41 Level 3
July 6, 2019

Car hike and car shuttle. 15 km. Pace 4/5 km. Terrain: Hill & rough in some spots. No access to water for 7 km. Challenging.

From Crane Lake Rd the trail travels on a relatively flat northern route passing by many bush roads that intersect our trail. Once we are at the water's edge the trail become extremely rugged with no water access for 7 km.

Ensure you have sufficient water. *The section between 135.3 and 141.5 is considered to be the most challenging hiking along the entire length of the Bruce Trail.* **BE PREPARED.**

Poison ivy and Hog weed is present so dress accordingly to prevent contact with these toxins.

Bruce Peninsula Club, Hope Bay: Map 37. Level 3.
July 7, 2019

Car Hike. 22 km- Loop Hike. Pace 4/5 km. Terrain: Hill & rough in some spots. Challenging.

This outing located in the North Bruce Peninsula will follow the main trail through Hope Bay Forest, a nature reserve. This reserve contains outcroppings of exposed bedrock that are 500 million years old. There are numerous look outs. We will walk by well recognized BT sites: Jackson Cove, Cape Dundas, Rush Cove, and Barrow Bay side trails.

Sturdy footwear and plenty of water is required. Dress to protect yourself against poison ivy and hog weed. Depending on conditions the hike could be reduced by 3 to 4 km.
